1800 series

2000 series

Packed with value. Backed by Starcraft.

If there's one truth about boat buying, it's this: you need to know where your boat comes from, who's building it, and if they know what they're doing. Take a closer look at Starweld by Starcraft, and you'll have your answer — great all-around fishing boats born of Starcraft's 110 years of heritage on the water.

The Starweld lineup ranges from 20-foot pro-style v-hulls to rugged, durable tillers — and they all share Starcraft's legendary quality and all-welded technology. Plus, we've listened to our customers and learned which features are important to you, making the buying process quick and easy. And finally, here's a tip: If you're looking at other boats, be sure to check the warranties. Ours is the best you'll find anywhere, because that's how much we believe in the products we sell.

So welcome aboard. With the best values on the water, we're working harder to get you out fishing where you belong — no matter the size of your budget. Because the way we see it, if you're going to pay for a name, make it a name that means something. Make it a Starweld by Starcraft.

THE INDUSTRY'S BEST WARRANTY. PERIOD.

Only a company with the proven history and longevity of a brand like Starcraft can offer you this:

Limited lifetime warranty on hull and structure

6-year warranty on all components, carpet, upholstery, and electronics

All parts and labor

Transferable to second owner

Smarter fishing starts with a more intelligent boat.

PREMIUM CONSOLE

Starweld consoles are automotive-inspired and feature speedometer, tachometer, voltmeter and fuel gauge.

AERATED LIVEWELLS are designed for convenience and to protect your catch. (See model lineup for location and sizes)

LOCKABLE ROD STORAGE provides plenty of secure storage space for your gear and keeps the floor free of obstructions. (See model lineup for in-floor, bow, stern, port and starboard locations)

TWICE-BAKED PAINTED HULL

Starweld full painted hulls provide showroom looks designed to last for years.

MACHINE-FORMED RIBS

Our unique machine-formed ribs are stronger and more flexible than the heavy two-ply aluminum used by many competitors.

TORSION BEAM CONSTRUCTION

Instead of the flat I-beams that you find on many boats, Starweld uses the exclusive Starcraft Torsion Beam Construction (TBC) stringer system for exceptional strength and shock absorption.

ALL-WELDED CONSTRUCTION Every Starweld offers the toughness and reliability of all-welded marine-grade aluminum construction that's backed by a lifetime warranty on all seams.

MERCURY
#1 On The Water

BOW CONVERTED FOR FISHING

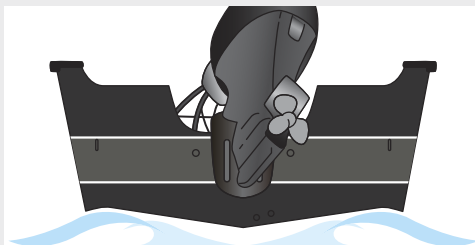

FLIP-UP BENCH CONVERTED FOR FISHING

CONVERTIBLE BOW AND STERN SEATS allow you to quickly go from leisure to fishing.

INJECTION FLOTATION FOAM On a Starweld foam is injected, not poured, between the floor and hull – filling all air pockets. This provides greater strength and buoyancy and reduces noise.

REVERSE CHINE HULL The Starweld full-length reverse chine hull pushes water down and away from the boat, for quicker planing, improved cornering and a smoother, drier ride.

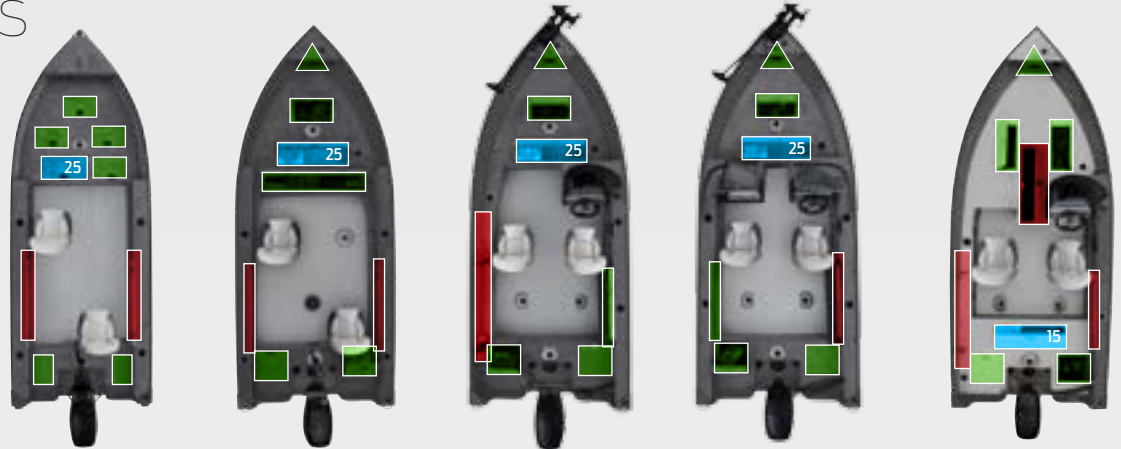

AFT CASTING PLATFORMS Because Starweld boats are all about fishing, they have the largest aft casting platforms in their class.

STANDARD FEATURES

- All-welded construction with lifetime warranty
- Heavy .100 gauge one-piece hull
- Automotive-inspired consoles with speedometer, tachometer, voltmeter and fuel gauge
- Large bow casting platforms
- Large, durable full-vinyl bow and casting platforms (2000 Pro DC, 1800 Pro DC, 1600 Pro DC, 1600 Pro SC)

STARWELD
BY STARCRAFT

STARWELD, INC.
P.O. Box 65
New Paris, IN 46553

A LEGACY OF VALUES. OURS. YOURS.

As boat builders continue to consolidate under corporate umbrellas and sell through mass channels, Starcraft Marine proudly remains family-owned and operated, delivering the highest quality boats through only the most qualified, customer-focused marine dealers in the country.

Our owners represent an extension of family. Beyond buying a boat that will deliver many great memories of their own, owners should be proud of the legacy our brands represent—in-turn building on their own.

Learn more about the legacy at www.thebestboatbrands.com.
