STARWELD PRO

Designed and backed by the pros, each Starweld Pro Series fishing boat is built to deliver exceptional quality and value. With legendary standard features like a full-length reverse chine hull for faster planing and a smoother ride, and a torsion beam construction (TBC) stringer system providing exceptional shock absorption and strength, you'll enjoy the many benefits of advanced engineering. Pro features include full-vinyl floors, large aerated livewells and lockable rod storage that holds up to eight rods. Looking for great features and great value? Look no further than the Starweld Pro Series.

STANDARD FEATURES

- All-welded construction with lifetime warranty
- Heavy .100 gauge hull
- Automotive-inspired consoles with speedometer, tachometer, voltmeter and fuel gauge
- Large, durable full-vinyl bow and casting platforms
- Premium wood-free fishing seats
- 30-gallon aerated bow livewell (2000 Pro)
- 25-gallon aerated bow livewell (1800 Pro)
- 25-gallon aerated stern livewell (1600 Pro Series)
- Automatic bilge
- PRV19 Millenia AM/FM stereo with Bluetooth® and speakers (2000 Pro & 1800 Pro)
- Hydraulic steering (2000 Pro & 1800 Pro)

POPULAR OPTIONS

- 12/24V trolling motor
- Depth gauge
- Ram mount Humminbird GPS/fish finder
- In-dash Lowrance GPS/fish finder
- Ski tow (2000 Pro & 1800 Pro only)
- Extreme Steering (1600 Pro only)
- Stainless steel three-step boarding ladder
- Additional fishing seat
- Snap-in carpet
- Mooring cover
- Trailerable ratchet cover
- Bimini top with visor (N/A on 1600SC Pro)

2000 PRO

FINE-TUNED FOR A PRO EXPERIENCE.

Shown with Optional Deck Mounted Rod Tracks, Trolling Motor & Sonar Unit

A state-of-the-art experience for the elite angler, the thoughtfully engineered 2000 Pro is equipped with a deep oversized hull, an open water-friendly transom and rugged features that include full-vinyl bow and casting platforms. A 30-gallon aerated bow livewell to hold the day's catch and side decks equipped with built-in storage for housing all your fishing essentials come standard. Dial up your new craft's trolling prowess with an optional in-dash flush mount fish finder.

1800 PRO

OUT IN FRONT AND IN COMMAND.

Shown with Optional Deck Mounted Rod Tracks, Trolling Motor & Sonar Unit

An anglers' top choice and value leader, the 1800 Pro comes equipped with deep, powerful hulls and a specially designed transom engineered for large lake trolling, plus rolling and fishing at the stern. The automotive-inspired console and hydraulic steering put you in command and pro-style fishing features — a large 25-gallon livewell, accessory-friendly side coaming decks — make for a better angling experience. Optional upgrades like an in-dash flush mount fish finder add to the pro experience.

1600DC PRO

APPOINTED WITH ALL YOUR ESSENTIALS.

HONDA
MARINE

Shown with Optional Trolling Motor & Sonar Unit

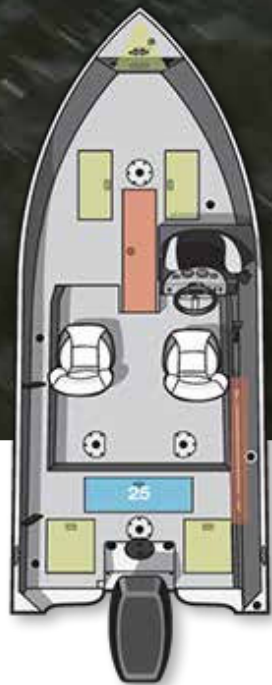

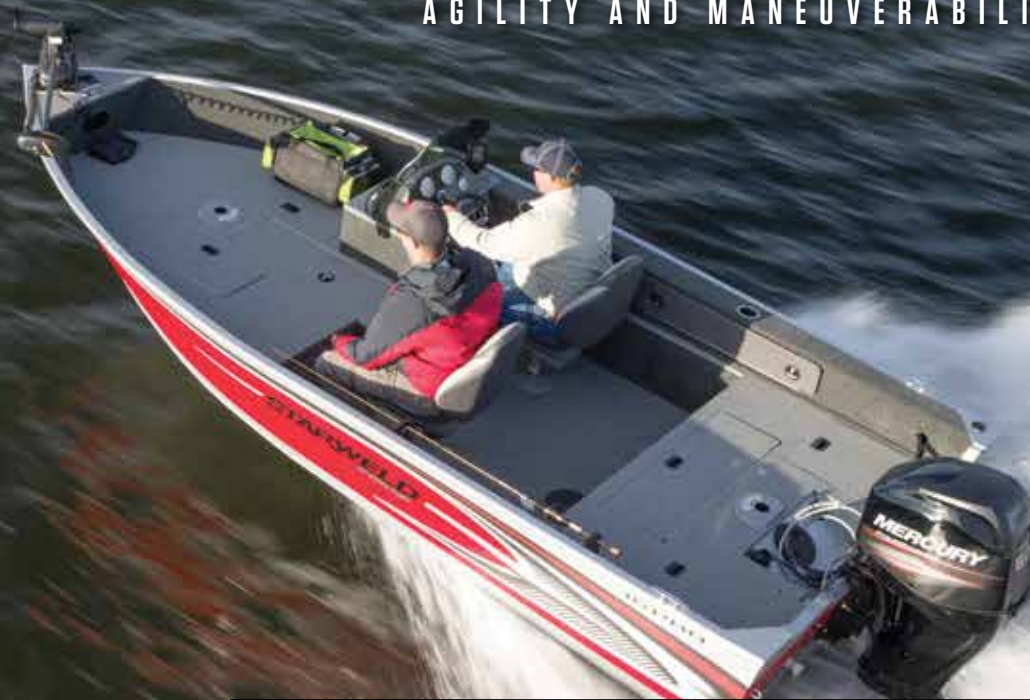

With its skipper-friendly compact size, the Starweld 1600DC Pro is a master at maneuverability. Lightweight towing and easy launching make this agile craft a dream to operate. A spacious 25-gallon aerated livewell in the stern keeps the day's catch fresh, while moveable pedestal-mount seats allow for optimal flexibility. Other angler-friendly standard features include a full vinyl interior and center bow rod storage for easy access.

1600 PRO SC

AGILITY AND MANEUVERABILITY REIGN SUPREME.

Shown with Optional Trolling Motor & Sonar Unit

Ergonomics and maneuverability are greatly enhanced in the Starweld 1600SC Pro. Other features such as lightweight towability and easy launching and loading access make this craft easy to tow and maneuver at the launch. A huge 25-gallon livewell in the stern protects your catch, while movable pedestal-mount seats provide great flexibility. Comfort comes standard with a full vinyl interior and easy-access bow rod storage.

INNOVATION YOU CAN SEE AND FEEL.

Shown with Optional Deck Mount Rod Tracks, Trolling Motor & Sonar Unit

Grab the crew and head to the sweet spot in a Starweld 2000 Series. This spacious craft meets the demands of the serious angler in more challenging waters with its impressive hull depth and innovative command center. Dual aerated livewells — a 12-gallon in the bow and 17-gallon in the stern — hold the day's catch, and lockable rod storage keeps your gear safe when the day is done. A crowd-friendly EZ-Flip Extenda-Deck Converta-Bench comes standard and an in-dash flush mount fish finder can be added on.

Standard Ski Pylon

1900

Versatility makes this value-packed V-hull a great all-around fishing boat. It features premium wood-free fishing seats, a wraparound windshield and a full vinyl cockpit for easy washdown. Xtreme™ steering comes standard, along with bow cushions, in-floor rod storage and a flip-up bench for extra passengers.

1900SPORT

The Sport model amps up your fishing adventures with a full casting deck and a large, 25-gallon bow livewell, and it easily converts to watersport fun, with a standard ski pylon and an innovative split flip-up bench in the stern.

1 All-Welded Construction

Every Starweld offers the toughness and reliability of all-welded marine-grade aluminum construction that's backed by a lifetime warranty on all seams.

2 Premium Console

Starweld consoles are automotive-inspired and feature flush mount sonar graphs along with speedometer, tachometer, voltmeter and fuel gauge.

3 FreshCatch Livewells

Our aerated livewells are timed for convenience and feature a PowerStream nozzle, a single bilge and black thru-hulls. (See model lineup for location and sizes.)

4 Twice-Baked Painted Hull

Starweld fully-painted hulls provide showroom looks designed to last for years.

5 Lockable Rod Storage provides plenty of secure storage space for your gear and keeps the floor free of obstructions.

(See model lineup for in-floor, bow, stern, port and starboard locations.)

6 Convertible Rear Bench and Stern Seats allow you to quickly go from leisure to fishing.

7 Machine-Formed Ribs

Our unique machine-formed ribs are stronger and more flexible than the heavy two-ply aluminum used by many competitors.

8 Torsion Beam Construction

Instead of the flat I-beams that you find on many boats, Starweld uses the exclusive Starcraft Torsion Beam Construction (TBC) stringer system for exceptional strength and shock absorption.

9 Injection Flotation Foam

On a Starweld, foam is injected, not poured, between the floor and hull — filling all air pockets. This provides greater strength and buoyancy and reduces noise.

10 Reverse Chine Hull

The Starweld's bow provides a soft and smooth re-entry while the full-length reverse chine hull pushes water down and away from the boat, for quicker planing, improved cornering and a smoother, drier ride.

11 Aft Casting Platforms

Because Starweld boats are all about fishing, they have the largest aft casting platforms in their class.

THE INDUSTRY'S BEST WARRANTY. PERIOD.
